A NEW KIND OF PARADISE

Check-in and be inspired by the creative verve and artistic expression of Oxford House.

Located on Paddington's rhythmic and culturally rich Oxford Street, this vibrant inner-city sanctuary takes its cues from Southern California's sun-kissed motels and mid-century masterpieces.

Affectionately known as OH!, the restrained and intentional design approach creates an intimate urban oasis that spans 55 stylish guest rooms, a lush terrace and pool bar and a street-level restaurant.

With a 9-metre cinematic pool and a curated portfolio of contemporary art displayed throughout, every angle of Oxford House will spark imagination and conversation for your next private event.
